Dear Ms Dennis,

A cordial greeting from “**CASA – Hogar Santa Marta**, Tonacatepeque, El Salvador, C.A, in the name of every member that forms part of this family.

The Christmas of 2011 has brought us much joy, because we have received from you, the donation of a washing machine that will be of tremendous help in improving the cleanliness of the clothes of our residents, prior to this donation, all clothes were washed by hand and required a large amount of effort. We have also received from you more than US\$ 2,000.00 in cash, which will be administered to food and medicines, both of which are required for the worthy functioning of this house. We had counted on having US\$ 61.00 to spend for the month of January; your donations have been a timely blessing.

In the most special way we send our gratitude to all personnel at “Evergreen Centre”, all your clients and all those who continue to co-operate with you.

May God fill your lives with health, peace, well-being and joy. You can always count our prayers and our eternal gratitude.

Sincerely

Fr. Víctor Manuel Leiva Hernández.
